EDUCATION

Degree: B. Tech - Artificial Intelligence and Machine Learning, SNS College of Technology, Coimbatore.

CGPA: 7.85 (Till date), 2022 - 2026.

INTERNSHIP EXPERIENCE

Voxlom Innovative Solutions.

Onsite, 02 - 30 June 2025

Academic Performance Analysis System

A CGPA prediction model using linear regression, considering past grades, study hours, assignments, and exam scores.

Postulate Infotech Pvt. Ltd.

Onsite, 09 - 23 July 2024

Cervical Cancer Detection

Contributed to building a CNN model for classifying cervical cancer stages; trained on labeled cell images, it improved early detection accuracy and minimized human errors.

PROJECTS

Social Media Sentiment Analysis Workflow

- Designed an end-to-end automated backend workflow to collect, process, and analyze large volumes of data.
- Implemented modular processing stages to ensure low latency, scalability, and fault tolerance.
- Delivered real-time insights through structured data pipelines and optimized execution flows.

Instagram Engagement Prediction

- Developed a backend analytics system to compute and predict engagement metrics from user-generated data.
- Implemented data validation, feature extraction, and result computation using structured programming practices.
- Focused on code maintainability, reusability, and performance optimization.

SKILLS

- **Programming Languages:** Java, Python, C
- **Core Computer Science:** Data Structures & Algorithms, OOPs, DBMS, Operating Systems, Computer Networks
- **Web Technology:** HTML, CSS, JDBC, RESTful APIs
- **Tools & Technologies:** Git & GitHub, Linux (Basics), Low-Level System Design

CERTIFICATIONS

- **AWS Academy Graduate:** Generative AI Foundations
- **Oracle:** AI Foundations Associate
- **Database Management System:** Springboard, Infosys

POSITION OF RESPONSIBILITY

- **LeetCode Mentor:** SNS College of Technology, April 2025 - Present.
Mentored peers in tackling LeetCode challenges by teaching coding strategies, strengthening algorithmic thinking, and helping with optimizing the code.

ACHIEVEMENTS

- **Winner:** Logo Designing, Skill Spectra, Kumaraguru College of Technology.
- **Participant:** 24 Hours Coding, Hackathon, SNS College of Technology.
- **Participant:** Chess Tournament, Centies, Coimbatore.

EXTRACURRICULAR

- **Video Games** - Strategic thinking & decision-making under pressure *2012-Present*
- **Pencil Sketching** - Attention to detail & Iterative refinement *2016-Present*
